

Introducing 3 New Promotional Flyers

Three new promotional flyers are now available for FDLP libraries:

- * GPO's Federal Digital System (FDsys): Details FDsys capabilities and features and also serves as a guide to navigating FDsys search results.
- * Federal Depository Libraries: Describes the Federal Depository Library Program and how to find a nearby depository. Space is also provided for library personalization.
- * The Catalog of U.S. Government Publications (CGP): Describes the CGP and its various features and uses.

Flyers are available in packages of 25. There is a limit of 5 packages per order. PDF versions of the flyers are also available for download.
